+91-7757005838 | rahulpawar28@gmail.com

PROFESSIONAL SUMMARY

15+ Years of experience in IT Services/Production Support/Production Management/Application Development with expertise in resolving client's issues.

Strong problem solving coupled with confident decision making for enabling effective solutions leading to high customer satisfaction. Develop and maintain process and procedure documentation.

Developed commons support processes and operation model across Onshore and Offshore Teams.

Implemented 100+ Process Automation for Quality work and time saving in various accounts.

Having Work experience with Customers like Sprint, Metro, T-Mobile, AT&T, USCC, Three UK/Ireland, Elisa Finland, and Charter/Spectrum Mobile.

CORE COMPETENCIES

✓ Agile / Scrum Master	✓ Production Management	✓ Telecom BSS/OSS
✓ Team Leadership & Mentoring	✓ Deployment/Release Management	✓ Revenue Assurance & Billing/OMS
✓ Analytics & AI	✓ SDLC & Solution Design	✓ Offshore/Onshore Coordination

TECHNICAL SKILLS

Technical Stack	Unix, SQL, Shell Scripting, PL-SQL, Jenkins, Docker, Node.js
Telecom Products	Amdocs Ensemble (MAF/MPS/EMS/ANC), Revenue Management, Rating, Billing, Usage,OMS
Automation Tools	Eyeshare, atomIQ, Node.js
Methodologies	Agile, Scrum, Kanban
Domain Expertise	BSS, Revenue Assurance, Billing, OMS, Usage, Mediation

PROFESSIONAL EXPERIENCE

Software Development Team Lead / Scrum Master

Amdocs | Pune, India Jun 2025 – Present

- Currently Leading Charter Moneymap Team
- Led requirement gathering and analysis with stakeholders, ensuring clear documentation and seamless cross-team alignment.
- Translated business needs into detailed solution designs, data mappings, and interface specifications.
- Delivered optimized solutions on Amdocs Billing platforms, improving billing accuracy, compliance, and operational efficiency.
- Developed and integrated ETL workflows; built high-performance reports, and analytical models.

- Supporting development team through design validation and technical guidance.
- Executed functional, regression, and UAT cycles, ensuring end-to-end solution quality.
- Provided post-deployment support, resolving issues and ensuring stable production performance.
- Drove customer engagement through demos, walkthroughs, and prompt query resolution.
- Created comprehensive documentation including requirements, design artifacts, data flows, and release notes.

AT&T Moneymap Project

Jan 2025 – Jun2025

- Worked as a ScrumMaster for the AT&T Legacy-to-Digital Conversion Project (MoneyMap).
- Develop and maintain migration reconciliation controls between Digital and Legacy billing platforms.
- Guide distributed Agile teams (offshore + onsite) as Scrum Master across multiple Iterations/PIs.
- Conduct LLD Grooming sessions with solution architects to deliver high-quality migration assurance controls.
- Ensure seamless feature delivery with quality gates at each Sprint and Program Increment.

Technical Business Operations Lead (Production Management)

Amdocs | Pune, India

Mar 2022 – Dec 2024

- Led Production Management for T-Mobile Conversion Project; coordinated daily CRQ deployments and release bridges.
- Introduced new automation methods and practices that significantly reduced turnaround time for operational tasks.
- Prepared and presented KPI dashboards to customers and internal stakeholders on a Weekly/Monthly/Quarterly basis.
- Acted as the primary bridge between customer teams and the Delivery/SRE team, ensuring aligned expectations.
- Conducted quarterly performance reviews and drove continuous improvement initiatives across the team.
- Managed PRR (Production Readiness Reviews) and ORT (Operational Readiness Testing) for new establishment rollouts.
- Identified and implemented automation opportunities to minimize human errors and streamline processes.

Senior Software Developer

Amdocs | Pune, India

2019 – 2022

- Led business requirements analysis, solution design, and development of new application features and enhancements.
- Trained new developers and programmers on company coding standards, design patterns, and review processes.
- Reduced processing time by analyzing job schedules and implementing targeted performance modifications.
- Managed change requests (CRs) and defect fixes aligned with modern business policies.
- Interacted with customers and Amdocs vendors during migration phases to resolve and fix production issues.
- Supported multiple software migration activities, ensuring minimal disruption to production environments.

Software Support Engineer

Amdocs | Pune, India

2016 – 2018

- Managed and routed internal and external tickets (P1, P2, P3) with prompt resolution and escalation.
- Prepared Root Cause Analysis (RCA) reports for major production incidents as requested by clients.
- Performed special production checks during Change Request deployments and release builds.
- Resolved end-of-day (EOD) job failures with documented justification and applied fixes.
- Handled server-level issues including disk space, CPU/memory utilization, and job scheduling failures.

System Analyst (BIMS – ETL/Revenue Assurance)

Amdocs | Pune, India

2012 – 2015

- Served as Subject Matter Expert (SSME) for the Billing Information Management System (BIMS) ETL tool for T-Mobile, Sprint, and Metro.
- Wrote complex SQL (PL-SQL) jobs and Unix scripts for billing cycle reports and revenue leakage tracking.
- Provided daily application support, alert monitoring, reject handling, and database cleanup.
- Delivered on-call weekend support ensuring continuous operational availability.

Revenue Assurance Analyst

Amdocs | Pune, India

2010 – 2012

- Audited daily billing cycles to identify and eliminate revenue leakage and billing overcharges.
- Validated invoices and generated reports ensuring all billing parameters reflected correctly for Retail and Wholesale.
- Verified new and existing functionality compliance for billing accuracy.

EDUCATION

PG Diploma in Advanced Computing | CDAC-ACTS, Bangalore | 2007–2008

Bachelor of Science – Computer Science | Pune University, Pune | 2003–2007

Completed PG Diploma in Product Management, Accredian | 2024

Currently Pursuing GenAI Master's Program from Edureka
